Bridging Program 迎新日

Scorching summer day brings out ecstatic hooray! The heat of the sun resonates with passion of coming back to school in our hearts after all teachers and students have endured such a long time of irregular school routine. To welcome new members of Delia HW2 family, teachers have prepared a 'feast' for all new students! Entertaining Ice-Breaking games, as 'starter', provide a great opportunity for teachers and students to get to know each other better. For the 'main course', E-sports and new sports games give these newbies a taste of their upcoming colourful school life. Not only do the students enjoy themselves a lot, but teachers also share the same joy. Here comes the 'dessert' - STEM workshop. Instead of being offered the final product directly, students need to build hovercrafts with their own hands, which is in line with the educational belief of Delia HW2 where we teachers hope students could learn and achieve more from hands-on experiences.

為了迎接即將加入協和二中大家庭的新成員，我們的老師為所有新同學準備了「活動盛宴」！

「前菜」是有趣的破冰活動。老師和同學們在有趣的活動中相互了解。

「主菜」是電子運動和創新運動，在這些活動裡，新同學們提前感受了即將到來的校園生活。不僅同學們非常享受這些新奇有趣的活動，老師們也感受到同樣的樂趣。

讓我們一起迎接最後的「甜點」——STEM工作坊。相比直接為同學們提供最後的成品，同學需要用自己的雙手來建造屬於自己的氣墊船，這正符合我們全體老師在協和二中的教育理念，提供機會讓學生通過實踐學習，並達成更多成就。

Mid-Autumn Festival 中秋節

One of the most celebrated Chinese traditional festivals is around the corner! It's so sad that we can't enjoy yummy mooncakes together during this tough and difficult time, but this is not an excuse for not adding flavour to life! Aside from mooncakes, lantern is also a symbol of Mid-Autumn Festival. In VA class, students learned how to make lanterns themselves and tried to create their works of calligraphy. Still want more festive vibe? An informative and fun class teacher period about the history and local activities of Mid-Autumn Festival is absolutely another good choice! Our students have gained a better understanding of the customs and spirit of Mid-Autumn Festival as well as Chinese culture.

中秋節——大家最喜歡的傳統中國節日快要到來了！雖然受疫情影響，我們無法一起品嚐美味的月餅，但這並不是影響我們享受節日的理由！除月餅之外，燈籠也是中秋節的一個重要象徵。在視藝課中，同學們學習了怎樣製作燈籠，並嘗試在燈籠上創作自己的書法作品。過程當中，同學們對於中秋節的傳統精神有更加深刻的認識和理解。
